

Lord Howe Island Rodent Eradication Project

EPBC Public Environment Report December 2016

Appendix L - LHI Ecological Studies Summary

L.1 LHI Ecological Studies Summary Table

Species / Group	Overview of Studies	Key References
The General Zoology of Lord Howe Island	Anecdotal accounts of fauna sightings and collections made by the Australian Museum collecting party in 1887	Etheridge 1889
Environmental Survey of Lord Howe Island	Results and recommendations of a scientific survey undertaken in the early 1970s . The aim of the survey was to determine the current status of the flora and fauna and to recommend ways in which the long-term survival of the indigenous species could be assured.	Recher & Clark 1974
Vegetation of Lord Howe Island	A description and map of the vegetation of the LHIG	Pickard 1983
Mosses of Lord Howe Island	A checklist of the mosses of Lord Howe Island based on literature and collections in Australian herbaria together with a summary of their distribution patterns on the island	Ramsay 1984
Flora of Australia Volume 49 Oceanic Islands 1 - Flora of Lord Howe Island	Lists the vascular plants of the LHIG, both exotic and native, that have been recorded on the LHIG	ABRS 1994
Vegetation and Habitat of Significance Within the Settlement Area of Lord Howe Island	An update of vegetation mapping within the settlement area. Mapping of the distribution of high conservation value vegetation within the settlement area and information on the distribution of habitat for threatened flora and fauna species .	Hunter 2002
Birds of Lord Howe Island - Past and Present	Descriptions of sea birds and land birds, both extant and extinct	Hutton 1991
The Birds of the Lord Howe Island Group: A Review of Records	A recent inventory of all known bird records from the LHIG. Management issues are discussed where relevant to the species concerned.	McAllen et al. 2004
Lord Howe Island: Terrestrial Invertebrate Biodiversity and Conservation Report	A synopsis of collated existing information on the terrestrial invertebrates of Lord Howe Island. It includes a statistical analysis of invertebrate biodiversity patterns across the LHIG, focussing on endemism and species richness, an assessment of the conservation status of selected terrestrial invertebrate taxa, and identifies threatening processes and conservation recommendations. This report was commissioned by DECC and the LHIB in 2003.	Australian Museum 2003
The Birds of Lord Howe Island	Check list of birds known from and known to have occurred on LHI	The Emu Vol XLJ July 1940 Part 1. Hindwood, K.A.
